IMMIGRANT NUMBERS FOR DECEMBER 2013

A. STATUTORY NUMBERS

1. This bulletin summarizes the availability of immigrant numbers during December. Consular officers are required to report to the Department of State documentarily qualified applicants for numerically limited visas; U.S. Citizenship and Immigration Services in the Department of Homeland Security reports applicants for adjustment of status. Allocations were made, to the extent possible, in chronological order of reported priority dates, for demand received by November 8th. If not all demand could be satisfied, the category or foreign state in which demand was excessive was deemed oversubscribed. The cut-off date for an oversubscribed category is the priority date of the first applicant who could not be reached within the numerical limits. Only applicants who have a priority date earlier than the cut-off date may be allotted a number. If it becomes necessary during the monthly allocation process to retrogress a cut-off date, supplemental requests for numbers will be honored only if the priority date falls within the new cut-off date announced in this bulletin.

2. Section 201 of the Immigration and Nationality Act (INA) sets an annual minimum family-sponsored preference limit of 226,000. The worldwide level for annual employment-based preference immigrants is at least 140,000. Section 202 prescribes that the per-country limit for preference immigrants is set at 7% of the total annual family-sponsored and employment-based preference limits, i.e., 25,620. The dependent area limit is set at 2%, or 7,320.

3. INA Section 203(e) provides that family-sponsored and employment-based preference visas be issued to eligible immigrants in the order in which a petition in behalf of each has been filed. Section 203(d) provides that spouses and children of preference immigrants are entitled to the same status, and the same order of consideration, if accompanying or following to join the principal. The visa prorating provisions of Section 202(e) apply to allocations for a foreign state or dependent area when visa demand exceeds the per-country limit. These provisions apply at present to the following oversubscribed chargeability areas: CHINA-mainland born, INDIA, MEXICO, and PHILIPPINES.

4. Section 203(a) of the INA prescribes preference classes for allotment of Family-sponsored immigrant visas as follows:

FAMILY-SPONSORED PREFERENCES

First: (F1) Unmarried Sons and Daughters of U.S. Citizens: 23,400 plus any numbers not required for fourth preference.

Second: Spouses and Children, and Unmarried Sons and Daughters of Permanent Residents: 114,200, plus the number (if any) by which the worldwide family preference level exceeds 226,000, plus any unused first preference numbers:

A. (F2A) Spouses and Children of Permanent Residents: 77% of the overall second preference limitation, of which 75% are exempt from the per-country limit;

B. (F2B) Unmarried Sons and Daughters (21 years of age or older) of Permanent Residents: 23% of the overall second preference limitation.

Third: (F3) Married Sons and Daughters of U.S. Citizens: 23,400, plus any numbers not required by first and second preferences.

*Employment Third Preference Other Workers Category: Section 203(e) of the Nicaraguan and Central American Relief Act (NACARA) passed by Congress in November 1997, as amended by Section 1(e) of Pub. L. 105-139, provides that once the Employment Third Preference Other Worker (EW) cut-off date has reached the priority date of the latest EW petition approved prior to November 19, 1997, the 10,000 EW numbers available for a fiscal year are to be reduced by up to 5,000 annually beginning in the following fiscal year. This reduction is to be made for as long as necessary to offset adjustments under the NACARA program. Since the EW cut-off date reached November 19, 1997 during Fiscal Year 2001, the reduction in the EW annual limit to 5,000 began in Fiscal Year 2002.

6. The Department of State has a recorded message with visa availability information which can be heard at: (202) 485-7699. This recording is updated on or about the tenth of each month with information on cut-off dates for the following month.

B. DIVERSITY IMMIGRANT (DV) CATEGORY FOR THE MONTH OF DECEMBER

Section 203(c) of the INA provides up to 55,000 immigrant visas each fiscal year to permit additional immigration opportunities for persons from countries with low admissions during the previous five years. The NACARA stipulates that beginning with DV-99, and for as long as necessary, up to 5,000 of the 55,000 annually-allocated diversity visas will be made available for use under the NACARA program. **This has resulted in reduction of the DV-2014 annual limit to 50,000.** DV visas are divided among six geographic regions. No one country can receive more than seven percent of the available diversity visas in any one year.

For December, immigrant numbers in the DV category are available to qualified DV-2014 applicants chargeable to all regions/eligible countries as follows. When an allocation cut-off number is shown, visas are available only for applicants with DV regional lottery rank numbers BELOW the specified allocation cut-off number:

Region	All DV Chargeability Areas Except Those Listed Separately				
AFRICA	17,900	Except:	Egypt	9,050	
			Ethiopia	11,000	
			Nigeria	8,000	
ASIA	2,650				
EUROPE	12,500				
NORTH AMERICA (BAHAMAS)	4				
OCEANIA	450				
SOUTH AMERICA, and the CARIBBEAN	675				

Entitlement to immigrant status in the DV category lasts only through the end of the fiscal (visa) year for which the applicant is selected in the lottery. The year of entitlement for all applicants registered for the DV-2014 program ends as of September 30, 2014. DV visas may not be issued to DV-2014 applicants after that date. Similarly, spouses and children accompanying or following to join DV-2014 principals are only entitled to derivative DV status until September 30, 2014. DV visa availability through the very end of FY-2014 cannot be taken for granted. Numbers could be exhausted prior to September 30.

C. THE DIVERSITY (DV) IMMIGRANT CATEGORY RANK CUT-OFFS WHICH WILL APPLY IN JANUARY

For January, immigrant numbers in the DV category are available to qualified DV-2014 applicants chargeable to all regions/eligible countries as follows. When an allocation cut-off number is shown, visas are available only for applicants with DV regional lottery rank numbers BELOW the specified allocation cut-off number:

Region	All DV Chargeability Areas Except Those Listed Separately				
AFRICA	19,400	Except:	Egypt	11,700	
			Ethiopia	13,000	
			Nigeria	8,000	
ASIA	3,000				
EUROPE	13,200				
NORTH AMERICA (BAHAMAS)	6				
OCEANIA	550				
SOUTH AMERICA, and the CARIBBEAN	700				

D. RETROGRESSION OF EMPLOYMENT CUT-OFF DATES

The India Employment Second and Third preference category cut-off dates were advanced very rapidly at the end of fiscal year 2013. Those movements were based strictly on the availability of thousands of "otherwise unused" numbers which could be made available without regard to the preference per-country annual limits.

The movements have resulted in a dramatic increase in the level of applicant demand received in recent months. This has required the retrogression of those cut-off dates for December in an effort to hold number use within the numerical limits.

E. VISA AVAILABILITY IN THE COMING MONTHS

FAMILY-sponsored categories (potential monthly movement)

Worldwide dates:

F1: Three to five weeks

F2A: No forward movement, the Mexico cut-off date is likely to retrogress at some point

F2B: Three to five weeks

F3: Three to five weeksj

F4: Two or three weeks

EMPLOYMENT-based categories (potential monthly movement)

Employment First: Current

Employment Second:

Worldwide: Current

China: Three to five weeks

India: No forward movement

Employment Third:

Worldwide: This cut-off date has been advanced extremely rapidly during the past seven months in an effort to generate new demand. As the rate of applicants who are able to have action on their cases finalized increases, it could have a significant impact on the cut-off date situation. The rapid forward movement of this cut-off date should not be expected to continue beyond February.

China: Expected to remain at the worldwide date

India: No forward movement

Mexico: Expected to remain at the worldwide date

Philippines: Three to six weeks

Employment Fourth: Current

Employment Fifth: Current

The above projections for the Family and Employment categories are for what is likely to happen during each of the next few months based on current applicant demand patterns. Readers should never assume that recent trends in cut-off date movements are guaranteed for the future, or that "corrective" action will not be required at some point in an effort to maintain number use within the applicable annual limits. The determination of the actual monthly cut-off dates is subject to fluctuations in applicant demand and a number of other variables. Unless indicated, those categories with a "Current" projection will remain so for the foreseeable future.
